

Year 11 Assessment Calendar and Subject Revision Information

Yr11 Parents Evening – 22nd February 2024

Although exams are approaching quickly, there is still plenty of time and opportunity for students' grades to improve between now and their exams in May.

As per our previous correspondence, we remain very proud of our current year 11's and their attitude towards their learning journey. This is a time to commit to working hard at school and at home to ensure they achieve their full potential in the summer. We encourage all our students to continue to approach their lessons with a positive attitude, regularly communicate with their subject teachers, revise at home and act on their teachers' advice. We continue to offer Achieve sessions after school to support students with their revision and will be in touch to confirm what further revision sessions we are able to offer during Easter holidays.

We are confident that the students who make the most of these opportunities will be rewarded with some excellent results in the summer.
