

# Starting to think about next steps. Search for Unifrog on google

The image shows a screenshot of the Unifrog website's sign-in page. At the top left is the 'unifrog' logo. To the right is a navigation menu with links for 'ABOUT', 'BLOG', 'EVENTS', 'CASE STUDIES', 'JOBS', 'CONTACT', and a 'SIGN IN' button. The main content area is titled 'Sign in' and contains two input fields: 'Your email address' and 'Your password'. Below these fields is a green 'Sign in' button. At the bottom left of the sign-in area, there is a link that reads 'Reset password / Resend welcome email'. This link is enclosed in a red rectangular box. A red arrow points from this box to a dark blue text box on the right side of the image.

To log into Unifrog use your school email address and you will have set your password.

If you cannot remember that password or have never used Unifrog before click here.

## Reset password / Resend welcome email

Your email address

Send now

Enter your school email address and click send now.

Then open your school email and reset your password.

# You will then see this screen.

Job  
description

# What can a career profile tell you?

## Vehicle electrician

Share

### Working hours and environment

You'll usually work 40 hours a week, Monday to Friday.

You might have to work shifts or be on-call.

You'll be based in a garage or workshop. If your job includes call-out duties, you'll also work outside in all weather conditions.

### Skills required

You'll need:

- practical skills
- the ability to work methodically and pay close attention to detail
- problem-solving skills
- the ability to read electrical wiring diagrams

Got evidence of these skills? Record your examples on the [Skills tool](#) >

### Career path and progression

With experience, you could progress to be a supervisor or manager, or move into vehicle sales or marketing.

You could also set up your own business.

### Entry requirements

You'll usually need 4 GCSEs at grades 9 to 4 (A\* to C), or the [equivalent](#).

You could:

- do a vehicle maintenance and repair college course that also covers auto electrical work
- get into this career through an [apprenticeship](#)

You may need a driving licence that includes LGV (lorries) or PCV (buses), if you work with these vehicles.

[Autocity](#) has more information about becoming an auto electrician.
